REMARKS

In the Office Action mailed January 25, 2005, the Examiner objected to the claims under 35 U.S.C. § 112, second paragraph, further rejected Claim 1 as being anticipated by the Ronvold et al. reference (U.S. Patent No. 2,755,606) and further indicated that Claims 5-13 would be allowable if rewritten to overcome the rejections under 35 U.S.C. § 112, second paragraph. By this paper, the Applicant is withdrawing Claim 1 and incorporating the subject matter of Claim 1 into Claim 5. Further, the Applicant has also removed the word "rail" between slide rail and has further amended Claim 5 to indicate that the support posts of the polishing unit pass through the top plate of the fixed part wherein antecedent support for two support posts of the polishing unit is provided in line 5 of Claim 5. The Applicant has also amended Claims 5-13 to replace the wall/roof polisher with wall or roof polisher to further clarify the invention and comply with the requirements of 35 U.S.C. § 112. The Applicant therefore believes that Claims 5-13 are allowable over the art of record.

AMENDMENTS TO THE DRAWINGS

By this paper, the Applicant is submitting a second set of replacement drawings for the Examiner's approval wherein the gray shading has been removed. The Applicant believes that these drawings better illustrate the invention and comply with the drawing requirement of the U.S. Patent and Trademark Office. As such, the Applicant requests Examiner approval of these drawings in that they address the objections raised in the Notice of Draftsperson's Patent Drawing Review form provided with the Office Action.
